

# SENTHILKUMAR P

## Full Stack .NET Developer

+91 7358803861 | senthil.codecraft@gmail.com

Walajapet, Ranipet District, Tamil Nadu

[Portfolio](#) | [LinkedIn](#)

## PROFESSIONAL SUMMARY

Results-driven Full Stack .NET Developer with 1+ years of hands-on experience developing scalable web, desktop, and mobile applications. Specialized in .NET MAUI, C#, Blazor, and modern frontend technologies. Successfully delivered 7+ client projects with 100% on-time completion rate. Expertise in cross-platform development, clean architecture implementation, and responsive UI/UX design. Proven track record of reducing application load times by 40% and improving user engagement through intuitive design solutions.

## CORE TECHNICAL SKILLS

**Frontend Technologies:** HTML5, CSS3, JavaScript ES6+, Bootstrap 5, Tailwind CSS, Responsive Design  
**Blazor Ecosystem:** Blazor Server, Blazor WebAssembly, Blazor Hybrid, Fluent UI, MudBlazor, Syncfusion  
**Backend Development:** C#, .NET 6/7/8, ASP.NET Core, Web API, Entity Framework Core, LINQ  
**Cross-Platform:** .NET MAUI, Xamarin, Progressive Web Apps (PWA)  
**Databases:** Microsoft SQL Server, MySQL, T-SQL, Database Design, Query Optimization  
**Cloud & DevOps:** AWS Services, Git, GitHub, CI/CD Pipelines, Azure DevOps  
**Development Tools:** Visual Studio 2022, VS Code, Postman, Figma, SSMS  
**Additional Skills:** Java, JDBC, Hibernate, Linux, Bash Scripting, Agile/Scrum

## PROFESSIONAL EXPERIENCE

### .NET Developer | Focus Logic IT Solutions

January 2025 – Present | Ranipet, Tamil Nadu

#### Key Achievements & Projects:

- **Simply Fresh Multi-Platform Application**
  - Developed bilingual .NET MAUI application supporting web and mobile platforms
  - Implemented RESTful API integration with 99.9% uptime and optimized data synchronization
  - Built responsive mobile UI resulting in 35% increase in user engagement

## • OETC Blazor Hybrid Solution

- Architected responsive enterprise application using Blazor Hybrid and Fluent UI components
- Designed custom print templates with JavaScript integration, reducing printing errors by 60%
- Implemented modular component architecture improving code reusability by 45%

## • Parryware Enterprise Web Application

- Developed scalable web application using Clean Architecture principles and ASP.NET Core
- Integrated AWS cloud services and implemented Excel import/export functionality
- Optimized MSSQL database queries resulting in 40% faster data retrieval
- Built 5+ reusable modules serving 200+ concurrent users

## • International Client Projects

- **Ioannou Coetus (Australia):** Created pixel-perfect responsive website using Tailwind CSS and vanilla JavaScript with smooth animations and Git workflow integration
- **AEGIS Cross-Platform App:** Built .NET MAUI Blazor Hybrid application with MudBlazor components, featuring light/dark theme support and mobile-first responsive design

## • Additional Client Deliverables

- Developed 3+ static websites (Laundry, Rogers, Asset Portal) with 100% Figma design accuracy
- Implemented Bootstrap and Tailwind CSS frameworks ensuring cross-browser compatibility
- Maintained 98% client satisfaction rate through iterative feedback incorporation

---

## EDUCATION

### Bachelor of Technology - Information Technology

Sri Balaji Chockalingam Engineering College, Arani | Anna University

2019 – 2023 | CGPA: 8.6/10

### Higher Secondary Certificate - Computer Science

Sri Ramakrishna Matriculation Higher Secondary School

2018 – 2019 | 66%

---

## PROFESSIONAL CERTIFICATIONS

- **Full Stack Java Developer Certification** - JSpiders Training Institute, Bangalore
- **NPTEL Certificate** - Data Science for Engineers (Government of India Initiative)
- **IBM Professional Certificate** - University Admission Predictor Machine Learning Project
- **Figma UI/UX Design Course** - SimplyLearn Platform
